To whoever it may concern,

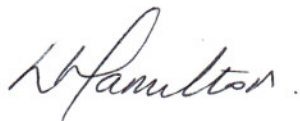

I was approached in November 2009 and decided to let Cani Consultancy help me with the management of my Vodafone account.

Since Shaun Gordon, who is my dedicated account manager, and Cani Consultancy Ltd have taken over the running of my account I now have a regular point of contact and someone who has the time to investigate where savings can be made on my account.

We are happy to recommend Shaun Gordon at the Cani Consultancy Ltd as we are very pleased with the way he has dealt with our company thus far.

Thank you

Kind regards

Lynn Hamilton
