

To Whom It May Concern
Cani Consultancy

7th September 2010

Dear Sir/Madam,

I am writing to provide feedback on our recent dealings with Cani Consultancy and in particular one of your employees – Axsal Johnson.

Firstly, I must admit that I was not looking forward to the process of negotiating and renewing our Vodafone contract as I have usually found it to be time consuming and difficult to understand. Cani Consultancy took away from me all of these complications and stress!

I mainly dealt with Axsal Johnson who I found to be extremely helpful and polite. Axsal listened to all of our requirements and came up with a suitable contract which is going to save our company quite a bit of money. Axsal explained everything to me very clearly and always had time to explain issues to me in plain English which I understood! It made a nice change to have someone happy to take the time to explain everything to me in an easy to understand way.

Overall, I am very pleased with the service that Cani Consultancy have provided me – especially Axsal Johnson. I look forward to working with Cani Consultancy in the future.

Yours sincerely,
